13) It is not possible or desirable to sanction special extra garden establishment for every new garden or park. The scale of expenditure proposed to be incurred, viz., Rs.600 per annum, is also high. 14) I believe that the Public Works Department is responsible for the maintenance of Town Hall building. The scale of maintenance expenditure sanctioned for this building is not known. The services of the staff (watchman or sweeper) if any engaged by the Public Works Department will also be available for looking after the garden.

15) I would therefore state that no extra garden establishment need be sanctioned and that the minimum expenditure required for water charges, manure etc., may be sanctioned, the same being charged to the grant of the Public Works Department of the Garden Department so long as the building is under the control of a Government Department.

1. The Government Architect in Mysore.

---

1. Proceedings of the first meeting held on the 17th December 1935.

Resolution - read and confirmed.

2. Letter from the Consulting Engineer to the Government of India, conveying thanks to the Members of the Second Indian Road Congress to be held in the Town Hall.

Resolution - recorded.

3. Letter from the Chief Engineer of Mysore, to the Superintending Engineer, Mysore Circle, conveying approval to the action taken by the Executive Engineer, Buildings Division, in having given in writing the guarantee required by the Electrical Department of a rate of 15 per cent per annum on the capital cost of the estimate, viz., Rs. 5,400/- for running power lines and installing transformers, etc., for supply of power tolighting, pumping and other installation to the Town Hall and also for a continous service demand for a period of five years in the first instance.

Resolved that the committee is not agreeable to any such guarantee being given, as the building is treated as a Government institution and consequently is to be charged for, as for all other Government institutions for ordinary lighting. - Special lighting on occasions may be charged for on the basis of separate

separate metre readings. The power required for pumping may be allowed to be paid for at ... per unit. separate metre being provided for this item also. Charges for the flood lighting to be borne by Government considering the financial position of the Town Hall.

The Committee also consider it desirable to provide cheaper water supply by pumping from an existing well nearby or by sinking a new one, if necessary for the water supply.

4. The question of letting out the Town Hall for a Cinema as a means of making it earn and be self supporting, was considered and the matter was finally referred for further consideration.

5. Letter from the Chief Secretary to Government, to the Deputy Commissioner, Bangalore District, redraft Government Order sanctioning the budget estimate for the maintenance of the Town Hall grounds by the Gardens Department.

Resolved that the Committee have no objection to the Government Order being passed, subject to the proviso that payment can only be arranged for when the Town Hall begins to earn until which time it is suggested that the charges be paid for of the Gardens Department Budget.

6. Rate lists for providing the Town Hall dias with suitable furniture.

Resolved that the Royal Furnishing Co., may be given the order if they agree to reduce the amount by Rs. 50/-.

7. The question of providing the hall with a decent clock.

Resolved that one clock may be purchased for the present under proper guarantee.

Sd. N. Srisha Iyengar
Secretary to the Committee.
